

BEFORE THE
POSTAL REGULATORY COMMISSION
WASHINGTON, D.C. 20268-0001

In the Matter of:

Valley Falls, RI Station
Cumberland, RI 02864-9991
(Derrick Watson, Petitioner)

Docket No. A2011-18

NOTICE OF UNITED STATES POSTAL SERVICE

(June 7, 2011)

By means of Order No. 737 (May 25, 2011), the Postal Regulatory Commission docketed correspondence from a customer of Valley Falls Station in Cumberland, RI, assigning PRC Docket No. A2011-18 as an appeal pursuant to 39 U.S.C. § 404(d). That Order, at page 3, set June 7, 2011, as the date by which “[t]he Postal Service shall file the administrative record regarding this appeal” or any responsive pleading. This pleading responds to that directive.

As an initial matter, this appeal concerns the discontinuance of a station, which is “[a] unit of a main Post Office that is within the corporate limits of the city or town of the main Post Office unlike a Post Office branch.” (See Publication 32, *Glossary of Postal Terms*, April 2011, at 176); *Wilson v. U.S. Postal Service*, 441 F. Supp. 803, 806-807 (C.D. Cal. 1977) (recognizing the situation where a “station or branch is ... subordinate to another Post Office”). In the Postal Service’s view, the discontinuance of Valley Falls Station does not require an official administrative record conforming to Post Office discontinuance regulations in 39 C.F.R. Part 241.3 and Handbook PO-101 because Valley Falls

Station is not a Post Office.¹ Nonetheless, the Postal Service submits as Exhibit 1 the attached Final Determination to Close the Valley Falls, RI Classified Station Continue to Provide P O Box and Retail Service Through the Cumberland, RI Classified Station, which documents how Postal Service management considered the various effects of the instant discontinuance action on customers, employees, and the community.

The Postal Service also notes that the procedural requirements of 39 U.S.C. § 404(d) do not apply because the discontinuance of Valley Falls Station does not qualify as a closure envisioned by 39 U.S.C. § 404(d). As recognized in PRC Docket No. A2010-3, the section 404(d) procedural requirements apply only where postal customers lose access to postal services, and postal customers do not lose access to postal services where alternate retail facilities are located in “close proximity” to the discontinued station. See Order No. 477, PRC Docket No. A2010-3 (June 22, 2010) at 7-8. As stated in the final determination, customers will continue to have access to 2 stations within 2.0 miles of the Valley Falls Station, including the Lincoln Station that is located within 1.2 miles from Valley Falls Station, and the Pawtucket Post Office that is located 1.8 miles

¹ The Postal Service understands that 39 U.S.C. § 404(d) does not extend to the review of Postal Service decisions regarding the discontinuance of stations and branches. See *generally* Reply Brief of the United States Postal Service (December 16, 2009), section III (pp. 6-12), PRC Docket No. N2009-1; Comments of United States Postal Service Regarding Jurisdiction Under (Current) Section 404(d), PRC Docket No. A2010-3 (April 19, 2010). In this matter, Petitioner does not allege facts that constitute a condition precedent to any jurisdiction of the Commission under section 404. 39 U.S.C. § 404(d)(5). Consequently, the Postal Service believes that this matter should be dismissed on jurisdictional grounds, for the reasons cited in the aforementioned filings. By responding to the Order through this filing, however, the Postal Service does not intend to waive its position that this matter is outside the scope of the appeals process established under 39 USC § 404(d)(5).

away. According to the final determination, there are an additional 8 post offices, stations and branches within 5 miles of Valley Falls Station. See *also* Exhibit 2 (printout from “Locate a Post Office” on www.usps.com).² Customers may also obtain some postal services from expanded access options, including 16 alternate locations to buy stamps sites within 5 miles of Valley Falls Station, and Stamps By Mail®. See Exhibit 3 (printout from “Locate a Post Office” on www.usps.com). Because of the close proximity of other postal facilities and the presence of nearby expanded access options, the discontinuance of Valley Falls Station will not cause postal customers to lose access to postal services. Consequently, the Postal Service submits that the section 404(d) procedures do not apply on this separate basis.

Even assuming the section 404(d) requirements were applied to the discontinuance of Valley Falls Station, the Postal Service satisfied the salient provisions of section 404(d). On September 21, 2009, the Postal Service distributed questionnaires to customers of the Valley Falls Station notifying them of the possible discontinuance of the Valley Falls Station, and inviting comments on the potential change to the postal retail network. Exhibit 1 (Final Determination) at 1. The Postal Service also made the questionnaire available over the counter at the Valley Falls Station. *Id.* Through this notification, the Postal Service furnished customers with well over 60 days’ notice of the Postal Service’s intention to consider discontinuance of the facility. The Postal Service received 79 responses to the questionnaire from customers. *Id.* Upon making

² Exhibits 2 and 3 use the term “Post Office” for retail units staffed by postal employees, thus including stations, branches and Post Offices.

the final decision to discontinue Valley Falls Station, the Postal Service announced its decision publicly on May 6, 2011. See Appeal of Closure of Valley Falls Post Office Cumberland RI 02864 (May 22, 2011), Exhibit 1.

The Postal Service further considered all of the pertinent criteria of section 404(d), including the effect on postal services, the community, and employees, and the economic savings arising from the discontinuance. Exhibit 1 at 1-5. Customers notified the Postal Service of their concerns related to postal services, including having to travel to another post office, the service available at and the conditions of other nearby postal facilities, customer addresses, and the effect on senior citizens; the community, including the impact to the community, and effect on the business community. *Id.* As reflected in the final determination, the Postal Service considered these concerns during the decision-making process. See *id.* With respect to economic savings, the Postal Service provided a breakdown of the costs that serve as a basis for its estimate of economic savings. *Id.* at 4.

The Postal Service addressed customer concerns about obtaining services from a different postal retail location. Specifically, the Postal Service informed customers that after the discontinuance of Valley Falls Station they would receive delivery and retail services administered by the Cumberland Station, located 3.1 miles away and would have the option of moving their Post Office Box to the Cumberland Station. *Id.* at 1. The Postal Service also explained that there will be no change in customer addresses. In addition, the Postal Service identified the retail services available to customers, not only at the

Cumberland Station, but also at the Lincoln Station and Pawtucket Post Office that are located within 2 miles of the Valley Falls Station, and the ability to purchase stamps by telephone, through the internet, or at stamp consignment locations within close proximity of Valley Falls Station. *Id.* at 1-2.

In summary, the Postal Service submits the attached documentation in support of the foregoing discussion.

Respectfully submitted,

UNITED STATES POSTAL SERVICE
By its attorneys:

Anthony F. Alverno
Chief Counsel, Global Business

Christopher C. Meyerson

FINAL DETERMINATION TO CLOSE
THE VALLEY FALLS, RI CLASSIFIED STATION
CONTINUE TO PROVIDE
P O BOX AND RETAIL SERVICE
THROUGH THE CUMBERLAND, RI CLASSIFIED STATION

DOCKET NUMBER 02864

I. RESPONSIVENESS TO COMMUNITY POSTAL NEEDS

The Postal Service has determined to close the Valley Falls, RI Classified Station and provide Post Office Box and retail services at the Cumberland, RI Classified Station which is located 3.1 miles away. The Cumberland Classified Station also provides city delivery to the same retail customers located in this area.

Retail transactions have declined at the Valley Falls Classified Station by approximately 4.1% since fiscal year 2008, while revenue has decreased by approximately 9.5% for the same period. Customer visits have also declined by approximately 6.1% for the same period. The Postal Service feels that regular and effective service will continue to be provided through the Cumberland Classified Station. There are 2 stations located within 2 miles of the Valley Falls Station. The Lincoln Classified Station is located 1.2 miles away and the Pawtucket Post Office is located 1.8 miles away. Additionally, there are 8 post offices, stations and branches and 16 alternate access sites within 5 miles of Valley Falls Station.

The Valley Falls Classified Station provides retail services 33 hours a week from 9 a.m. to 12 noon and 2 to 5 p.m. Monday through Friday and 9 a.m. to 12 noon on Saturday to 150 post office box customers. Retail services include the sale of stamps, stamped paper, and money orders; special services such as Registered, Certified, Insured, Delivery Confirmation, Signature Confirmation, COD, and Express Mail; and the acceptance and dispatch of all classes of mail. Daily retail window transactions average 126. Office receipts for the last three years were: \$199,939 in FY-2007; \$202,331 in FY-2008 and \$183,133 in FY-2009. There are no permit mail customers.

When this final determination is implemented, delivery and retail services will be provided by the Cumberland Classified Station. All operations will be moved to this location. Window service hours at the Cumberland Classified Station are from 8:30 a.m. to 5:30 p.m., Monday through Friday and 9 a.m. to 1 p.m. on Saturday.

Retail services are also available at the Lincoln Station, located 1.2 miles away. Window service hours at Lincoln Station are from 8:30 a.m. to 5 p.m. Monday through Friday and 9 a.m. to 1 p.m. on Saturday.

On September 21, 2009, 178 questionnaires were distributed to Post Office customers of the Valley Falls Station. Questionnaires were also available over the counter at the Valley Falls Station. Seventy-nine questionnaires were returned, nine were favorable, forty were unfavorable, and thirty expressed no opinion regarding the proposed alternate service.

A congressional inquiry was received on October 26, 2009.

The following postal concerns were expressed on the returned questionnaires, from customer letters and from the congressional inquiry.

1. **Concern:** Customers were concerned about a change of address.

Response: There will be no change in customer addresses.

2. **Concern:** Customers were concerned about having to travel to another Post Office for service.

Response: Some customers will have to travel farther to obtain services. Since there are 8 other Postal retail units located within 5 miles of the Valley Falls Station, along with 16 alternative sites within a 5 mile radius, the Postal Service feels that customers can combine trips for service with other errands that are completed during the day. Customers also have the option of carrier delivery which would eliminate trips to the post office to obtain their mail. The Postal Service has taken steps to make obtaining products and services easier. Stamps by Mail envelopes are available at your local office. Alternate locations to buy stamps are listed

under "Locate a Post Office" at www.usps.com. Customers can also purchase stamps by phone at (800) 782-6724 or on-line at www.usps.com.

3. **Concern:** Customers were concerned about long lines and slower service at the Cumberland Station.

Response: The Postal Service has a goal to keep customers wait time in line at five minutes or under. There is sufficient staffing of sales and service associates at the Cumberland Station to address the additional customer traffic. However this concern will be brought to the attention of the Cumberland Station manager so management can monitor window operations and ensure that customers do not have an unreasonable wait to obtain services. Customers can also help the situation by trying to visit offices during non peak times, which are generally, when the window opens in the morning, during lunch and closing time. .

4. **Concern:** Customers said the clerks at the Cumberland Station are not as friendly as the clerk currently working at the Valley Falls Station.

Response: Employee courtesy is always a concern of postal managers. Postal employees receive periodic instructions regarding employee courtesy. We do not condone our employees execution of their duties in an unprofessional or discourteous manner. This concern will be conveyed to the manager of the Cumberland Station.

5. **Concern:** Customers were concerned about the closing of the Valley Falls Station.

Response: The Postal Service believes that the Cumberland Classified Station will continue to provide effective and regular service to the customers of the area. It will also offer expanded hours that are not available at the Valley Falls Classified Station.

6. **Concern:** Customers were concerned about the traffic on Diamond Hill Road when traveling to and entering the Cumberland Station.

Response: When the customers of the Valley Falls Station are approaching the Cumberland Station from the north there is a dedicated lane for left hand turns. While approaching from the south only a right turn is necessary to enter the parking lot.

7. **Concern:** Customers were concerned that it would be a hardship for senior citizens and customers with disabilities to get to the Cumberland Station on Diamond Hill Road.

Response: Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and Stamps by Mail services, the following options are also available to the customers, 1-800-STAMP24 and www.usps.com. Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the manager of the Cumberland Station for more information.

8. **Concern:** The parking lot is not sufficient at the Cumberland Station.

Response: The current customer parking lot at Cumberland Station is available just for Postal customers as this is a stand alone facility. There are currently 13 marked parking spaces that include one space designated for handicap parking. The parking lot is designated with one-way travel configuration. The Cumberland Station has one lane to enter the facility and a separate lane to exit. The lane has sufficient space to allow for a left travel lane to access a snorkel box, a middle travel lane to exit the lot and a right lane that is sufficient to safely park four additional vehicles. A curb separates the Postal Service's parking lot from the adjacent bank's parking lot.

Some advantages to the final determination are:

1. Carrier delivery service is beneficial to some senior citizens, the handicapped, and working people since customers will no longer need to travel to the post office to pick up their mail.
2. Stamps by Mail order forms are provided for customer convenience.
3. Customers opting for carrier service will have 24-hour access to their mail.
4. A savings for the Postal Service, which contributes in the long run to stable postage rates and savings for customers.
5. City delivery services saves time and energy for customers who drive to the post office to pick up mail.
6. Post Office Box customers will continue to use the same mailing address and zip code.

Some disadvantages to the final determination are:

1. The loss of a retail outlet in the community.
2. Customers needing services from a post office will have to travel to another location for those services. The Cumberland Station is located 3.1 miles away.

Taking all available information into consideration, the Postal Service concludes this final determination will provide a maximum degree of effective and regular postal services to the community.

II. EFFECT ON COMMUNITY

Valley Falls Station is located in the incorporated town of Cumberland. The area is administered politically by the town of Cumberland. Police and fire protection are provided by the town of Cumberland. The community is comprised of 31,480 citizens.

There are several schools, banks, religious institutions and businesses located in the Valley Falls area. Residents travel to nearby communities for supplies and services.

All nonpostal services provided at the Valley Falls Station will be available at the Cumberland Station. Government forms normally provided by the post office will also be available at the Lincoln Classified Station located 1.2 miles away and the Pawtucket Post Office, located 1.8 miles away or by contacting your local government agency.

The following non-postal concerns were expressed on the returned questionnaires and from customer letters:

1. **Concern:** Customers concern about impact to the community.

Response: The growth of a community does not depend on the location of a post office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.

2. **Concern:** Customers felt the loss of a Post Office would have a detrimental effect on the business community.

-4-

Response: Businesses generally require regular and effective postal services, and these will always be provided to the Valley Falls community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the Post Office is discontinued.

Based on information obtained in the course of this discontinuance study, the Postal Service concludes this proposal will not adversely affect the community.

III. EFFECT ON EMPLOYEES

The clerk will be reassigned within the Pawtucket Post Office and maintain bidding status in that office. No other employee will be adversely affected.

IV. ECONOMIC SAVINGS

The Postal Service estimates annual savings of \$106,282 with a breakdown as follows:

Clerk Salary (PS-7 Minimum)	\$42,413
Fringe Benefits @33.5%	14,208
Custodial	6,040
Inter-Station Transportation Costs	9,247
Rental Costs, Plus Utilities	<u>+38,402</u>
Total Annual Costs	\$110,310
Less Cost of Replacement Service	<u>- 4,028</u>
Total Annual Savings	\$106,282

The total one time expenditure will be approximately \$93,103, which will consist of \$2,500 for building modifications and \$90,603 for the buyout on the current lease. The lease does not expire until April 30, 2013, there is no termination clause. The Postal Service will be required to absorb the lease obligation.

V. OTHER FACTORS

The Postal Service has identified no other factors for consideration.

VI. SUMMARY

The Postal Service has determined to close the Valley Falls Station and provide retail and delivery services through the Cumberland Classified Station, located approximately 3.1 miles away.

Retail transactions have declined at the Valley Falls Classified Station by approximately 4.1% since fiscal year 2008, while revenue has decreased by approximately 9.5% for the same period. Customer visits have also declined by approximately 6.1% for the same period. The Postal Service feels that regular and effective service will continue to be provided through the Cumberland Classified Station.

The Valley Falls Station provides 33 hours of window service per week. Daily retail window transactions average 126. There are no permit mailers. The clerk will be reassigned within the Pawtucket Post Office and will maintain bidding status in that office. No other employee will be adversely affected.

Retail services at the Cumberland Classified Station will continue to provide effective and regular service. There will be a loss of a retail outlet in the area. Delivery services for the Valley Falls Station are currently provided by the Cumberland Station. Services will also be available at the Lincoln

-5-

Classified Station 1.2 miles away and the Pawtucket Post Office, located 1.8 miles away. There will be no address changes required from this discontinuance.

The Postal Service will save an estimated \$106,282 annually. A disadvantage to some may be in the extra travel to obtain services.

Taking all available information into consideration, the Postal Service has determined that the advantages outweigh the disadvantages and this final determination is warranted.

VII. NOTICES

Notify customers of the permanent discontinuance of the Valley Falls Station and advise them of the hours of operation and services available at the Cumberland Classified Station, the Lincoln Classified Station, the Pawtucket Post Office and the other available retail units within a five mile radius.
